

# Fairytales Journal - Think and learn

Name: Rapunzel

A journal allows you to think about a situation and learn from it.

## WHAT HAPPENED?

I could have got away! Here was my chance for a life outside the castle and my stupid stupid choice to be untidy completely ruined it.

## WHAT WERE YOU THINKING/FEELING?

I was always going on about 'not liking tasks', 'not wanting to waste my days', and just lazing around. I'd totally got used to the witch doing everything. Maybe I believed I should have an easy life. The problem is I'm now still stuck in a tower! Gah!

## WHAT DID YOU LEARN?

I have toothache and some apples are rotting in my hair. It felt so amazing to say 'no' to all those boring tasks, but it wasn't as wonderful as I thought it would be! And especially now I haven't been rescued.

Now I've learnt that:

1. Nobody promises an easy life! Expecting one creates trouble!
2. Not everything is fun, and some things are just plain important.
3. Every choice I make has consequences. I need to stop and think!

Right, enough writing... I have a tower to clean!
