HOW TO PLAY:

- Insert your thumb and index finger from each hand into the four pockets on the underside of your folded question maker.
- Your fingers will now be holding it open like a little puppet. Practice opening and closing it.
- Get the other person to choose a number from the top flaps.
- Move the fortune teller back and forth then side to side to count to it.
- When you stop, they can choose a new number from those revealed inside.
- Count again up to the new number, repeating the movement.
- Finally, ask them to pick one last number from those visible.
- Reveal the hidden question and get talking!
